## RAE TANZER JURY

LOCKED UP FOR NIGHT.  
Had Deliberated Six Hours Without Reaching an Agreement.

New York, March 21.—After the jury in the case of Rae Tanzer, charged with perjury, had deliberated tonight for six hours without reaching a verdict, Judge Van Fleet of the United States District court at 11 o'clock ordered that it be locked up for the night. The indictment against Miss Tanzer resulted from a suit for breach of promise of marriage which she brought against James V. Osborne, a former assistant district attorney. The chief witness against Miss Tanzer was Charles E. Wray, who claimed that it was he and not James V. Osborne who courted her under the name of "Charles E. Wray." Osborne, however, insisted that her word was the former assistant district attorney's. She was tried once before, but the jury disagreed. Franklin D. Safford, who identified the lawyer as having accompanied Miss Tanzer on a trip to Plainfield, N. J., recently was convicted of perjury. Indictments against several others are pending.

Studies in farm management show that a farm to make money must usually have a large business, must be diversified, have good crops and stock and use its labor efficiently.

## Rheumatism

Is My Weather Prophet.

I can tell stormy weather day off by the twinges in my shoulders and knees. But here's an old friend that soon drives out the pain and aches.

Sloan's Liniment is so easy to apply, a rubbing at it, it sinks right in and fixes the pain. Cleaner than musky plasters or ointments. Try it for cold, lumbago, neck aches, frost and sprains.

At your drug store, 25c, 50c, and \$1.00.

## RAY DEFEATS YALE RUNNER

Chicago Athlete Triumphed Over Johnny Overton in Special One Mile Indoor Race—Time Was 4:19, Three Seconds Shorter Than World's Mark Set by Overton in Philadelphia.

New York, March 21.—Joie W. Ray, Illinois Athletic Club, Chicago, defeated Johnny Overton, Yale, in a special one mile indoor race at Madison Square Garden, tonight by twenty yards. The time was 4:19, or three seconds shorter than the world's record for the distance established recently by Overton in Philadelphia. Michael A. Devaney, Millrose A. C., Chicago, was third, fifty yards behind Overton. Sidney Leslie, unattached, this city, the only other starter, retired after running three-quarters of the race. The runners were much slower in the first half than the second, the times being 2:18 2/5 and 2:02 3/5. Had they begun with the speed at which they finished, a new world's record would have been created. Devaney led at the outset, but soon was overtaken by Ray. Then Overton came forward and led to the half. Ray again took the lead, was overtaken by Overton, but showed another burst in the final lap. The time by quarters was: 1:08 2/5; 2:16 2/5; 3:17 and 4:19. His last shot, he missed a strike by one pin. He had seven strikes in the second game and four in the last.

## DETROIT MEN FEATURED

Henry Miller and Charles Ziegler Turn In Good Bowling at Big Meet.

Grand Rapids, Mich., March 21.—Two Detroit men, Henry Miller and Charles Ziegler, featured the play in the Michigan Bowling Congress tournament here today. Miller, with 1945, displaced Henry Edwards of Buffalo, and Ziegler, scoring 691 by brilliant work in the singles, went into third place in the class. Miller's leadership in the all-events results from magnificent work in the singles, where he scored 693, following with 649 in the doubles and 603 in the singles. Ziegler led the honor of dislodging Otto Kallusich in the singles when on

## CLEVELAND STARTS ARTILLERY WORK.

New Orleans, La., March 21.—The Cleveland Americans defeated the New

## FINANCIAL AND COMMERCIAL

MARKET UNSETTLED AT CLOSE.

Bullish Sentiment Was Encouraged by Showing of U. S. Steel.

New York, March 21.—Regardless of many intervals of uncertainty and dullness, due chiefly to profit-taking on an increasing scale, today's market added appreciably to the higher price levels of the early week, but closed with an unsettled tone. The action of the president in setting forward the time for an extra session of congress to take action on the critical international situation was hailed with general satisfaction, even though it prompted some timorous legislation and considerable short selling. Steel yielded with the general list in the final hour, when selling orders seemed beyond the market's powers of absorption. Steel closed at 116 1/4, a net loss of 1/4 of a point, and reactions of varying degrees were shown by other industrials, equipments and fractions. The market was supported by two to almost five points. The reversal towards the end gathered additional force from a renewed bullish operations, which concentrated against rails, shippings and some of the more speculative shares. Numerous substantial advances were suggested by net losses of one to two points, final quotations in some notable instances being the day's lowest levels.

The bond market failed to keep pace with the early inquiry for stocks, showing irregularity throughout on nominal dealings. Total sales (par value) of bonds were \$1,000,000.

United States bonds were unchanged on call.

## Women Get Relief

It is unnecessary for you to suffer with neuralgia or pains in the face and head. Women folk as well as men are now using Minard's Liniment to relieve pain instantly. This time tried relief is the physician's prescription is all that is ever needed to give quick relief. It is a wonderfully soothing, creamy liniment that does not stain the skin and is positively pure, clean and easy to use. Ask your druggist or your neighbor, for Minard's has been used in many homes for more than sixty years is the one dependable liniment for pain of all kinds.

## ORLEANS SOUTHERN ASSOCIATION TEAM

here today 17 to 5. Three home runs and two doubles were knocked out by the major leaguers, the feature being a home run by Speaker with three men on base.

The score: R. H. E.

Cleveland 17 10 2

New Orleans 5 9 9

Kieffer, Gould and O'Neil, Dwyer, Williams, Miller, Caldwell and Higgins, Stansbury.

## Federal League Suit.

Philadelphia, Pa., March 21.—Trial of the \$500,000 damage suit of the Baltimore baseball club of the defunct Federal League against organized baseball was listed for April 12 before a jury in the United States district court here today. The suit is brought under the Sherman anti-trust law and the Clayton amendment to it.

## Duffy Sold to Montreal Club.

Pittsburgh, Pa., March 21.—Barney Dreyfuss, president of the Pittsburgh National league baseball club, announced today that Barney Duffy, a pitcher, has been sold to the Montreal club of the International league. Duffy was obtained from the Great Falls club in 1915.

## Yale Defeated Columbia.

New Haven, Conn., March 21.—Yale defeated Columbia in a swimming meet here tonight, 42 to 11. Yale also won the water polo, 37 to 9.

## POP GEERS AFTER NEW TRACK RECORD

Veteran Horseman Has Trained Napoleon Direct Steadily.

Pop Geers is going to attempt to set a record for participation for all time on the turf. The grand old man of the sulky has already been a champion for more than 40 years and unless he signs fail, he will reach the mark that he has set as his goal—years' active service in the light harness pastime.

When the veteran ribbon handler received that tumble last season and was shipped to the hospital, it was thought that his driving days were over. Sporting editors dug up the history of his career and facts on his remarkable life, but the veteran driver came back for the work even before he had completely recovered from the accident. He has been getting together enough facts to make a fairly decent story.

Information from Kalamazoo.

## Doings in The Auto World

The average owner of an automobile doesn't like to take advice, says Max Hagelstein, "but warn the motorist of impending trouble and he'll stretch a point to heed it. So I hope this advice will be heeded."

It is the obvious idea of flooding the carburetor is to obtain a temporarily enriched mixture, but the danger is that the mixture will be too rich when the cylinders and induction pipe are full of mixture. When using the carburetor, it is best to keep the mixture at a normal level.

Lifted free of the seat, all air passages are closed, and raw gasoline is supposed to be thrown into the engine. In order that your starting condition will be similar to that when a motor is primed.
